### LKC REACTIVATED

#### UNDER SSPX MARIAN CORPS

a re-introduction to our official magazine and invitation to League membership  
**from founding president Hugh Akins**

Sept. 18, 2014

#### ***Dear Fathers and Brothers in Christ:***

A matter of the utmost pressing importance necessitates providing at least some background and a few details in a letter that turned out to be longer than you and I both no doubt would prefer. Let me thank you at the outset for your kind patience as I forge ahead.

To begin with, and in order to first establish the great **urgency** of the matter at hand, primarily for the benefit of our newer friends and contacts, let it be said, for the record, that I am writing to you at a time when the world is engulfed in darkness and in flames; when the apostasy of men and nations has escalated to unimaginable new heights; when public sin and secular godlessness have reached pandemic proportions; when Catholic Christendom is not only lost to posterity but is seemingly consigned to oblivion; when the Christian presence in the Holy Land is rapidly vanishing under the exceedingly brutal Zionist/Islamic onslaught; when a nuclear Third World War is about to unleash upon countless innocents unprecedented death, loss and pain; when America is accelerating towards its planned collapse and consummate bloodbath; when Rome is more and more visibly becoming the Seat of Antichrist; when the madness of liberalism is now even poisoning the thinking of the leaders of the Society of St. Pius X – once the hope of the Church in her holy restoration but which is today deceptively moving step by step into the camp of the Conciliar enemy and in flagrant violation of its own sacred Oath Against Modernism; and when the last holdout of the mainstream traditional Catholic Press, *Catholic Family News*, has now joined with *The Angelus* magazine and *The Remnant* in promoting Jewish lies and propagandizing on behalf of the Synagogue of Satan by bolstering the deadliest of all antichristian idolatries, the Holocaust, which spearheads like no other false idol the ever intensifying demonic/Talmudic War on Christ the King. [1]

In such insane and impious times as these it behooves us as Catholic men not to despair over the spiritual desolation that is rapidly closing in on us from all sides, not merely to cling to the faith and to the sacraments and to the Mother of God in an un-militant/un-masculine do-nothing-but-pray defensive posture as if we had never been confirmed in the faith, but rather to **band together** in launching a mighty **counter-offensive** by rededicating ourselves as Christian soldiers called to Christian combat unto the demolishing of enemy strongholds and the retaking of the world for Jesus Christ the King.

#### **On Catholic Action and the Divine Chastisement**

This offensive action of which I speak is the combat of men strong in faith, courage and zeal, not for the weak, timid, lukewarm or

cowardly that habitually turn a deaf ear to the Voice of the Vicars of Christ summoning good men to fight the battles of the Lord. Nor is it the combat of men who are given to that impotent false piety that surrenders to the defeatist notion that there is nothing for us to do but wait for God's chastisement to obliterate the modern madness, as if the Mystical, Magisterial Church of Our Lord was no longer the Church Militant – that is, ***always at war and always fighting***. If you happen to be of that way of thinking (do nothing but pray/do nothing but wait), don't bother reading any further. This letter is not for you. You can go back to sleep now. We apologize for having disturbed your slumber.

For the rest of you that are still with us, even if we knew with absolute certainty that Heaven's final chastise-ment was to commence tomorrow, we are still duty bound to continue the work of Catholic Action today in order to defend the Faith, proclaim Christ's Kingship and save as many souls as possible that would no doubt otherwise have been lost forever. Such is the enormous importance of Catholic Action and the tremendous responsibility on our shoulders, the men of Catholic Action. Such is why the Church has made Catholic Action binding on every bishop, priest and man in the pew who calls himself Roman Catholic. Such is why we cannot go along with so many fellow traditionalists, priests and people, that conveniently avoid today's struggle by using the inadmissible excuse that only Heaven's direct intervention can deliver us from the present delirium. Such wrongful thinking is completely **unCatholic!** How could it be otherwise? Consider, for example, the repeated call to arms of the pre-Vatican II popes; consider our ordinary day-to-day duties of state; our common duties to altar, home and flag; and the heart-wrenching cries of Holy Mother Church – ruthlessly attacked from without and within – to her valiant sons to come to her aid – all of which necessitate continuous self-sacrifice, good works and long labor as well as prayer, devotion, penance, reparation... faith, hope and charity converted into action – virtuous and disciplined action; courageous and concerted action; ***militant Catholic Action!*** “*The call of the moment is not for lamentation but action...*” (Pius XII, Christmas message, 1942). “*It is the hour for action, for the most urgent action*” (Pius XII, Allocution *Diun Santo Fremito*, 18 Feb. 1958). “*Every Christian must contribute to the great work of...clearing away the darkness of evil...The task of Catholic Action is more urgent and more important than ever*” (Pius XII, Allocution to the Children of Mary of the Sacred Heart, 11 April, 1957).

Of course we know that only Our Lord and Our Lady can save us from the insanity of these irreligious days, and that many will only be saved amidst the coming Chastisement. But it is another certainty of our holy and divine faith that Jesus and Mary will grant the victory **only to those who actually fight the battles**, not to men who, lacking manly virtue, refuse to fight. And the more one distinguishes himself on the Christian battlefield, the more perfect the gift he presents at the Offertory of every Traditional Mass, and the greater his glory in the life hereafter. “*Christians are born for combat*” (Leo XIII, *Sapientiae Christianae*). “*The life of man upon earth is a warfare*” (Job 7:1). “*...[I]t is not permitted the soldier of Christ that he quit the battlefield...*” (Pius XII, *Sertum Laetitiae*). *Therefore fight on “as a good soldier of Christ”* (2 Tim. 2:3). For “*The world will either be saved by Catholic Action, well directed and intensely applied, or it will be lost to an atheistic, tyrannical and false [Judaic-Zionist] bolshevism*” (Pius XI, *Divini Redemptoris*).

There are enough traditional Catholics that are on the wrong side in this eternal war between Good and Evil. There are enough of them squirming in fear and whining about the disastrous state of affairs in the Church and in our countries without lifting a finger to help turn things around. There are enough of them wasting a lot of time, energy and resources chasing after illusory phantoms of diversion, that is, traversing the path of *least resistance* by concentrating on *lesser* enemies while ignoring the far *deadlier* enemies against which the Church Militant has long mandated a Counterrevolution. Yes, certainly, we must combat Liberalism and Modernism, Naturalism and Materialism, Protestantism and Pantheism, Marxism and Mohammedanism, socialism and Freemasonry; but behind all these other “isms” and above them all, and deadlier than them all, is *Talmudic Judaism, the Synagogue of Satan – the Serpent Cult of anti-Christian fanaticism and hatred*.

## The Jewish Peril

Why do some of us insist on stressing the Jewish Peril? Because in the grand scheme of the works of Satan and the Mystery of Iniquity, Talmudic Jews are nothing less than the world's foremost facilitators of the Reign of Antichrist. Because the modern errors and the errors of Russia stemming from the Rights of Man and Reign of Terror and leading to the modern apostasy and its systematic undoing of Christendom, were primarily their work of destruction, as the Popes and Saints and staunchest counterrevolutionaries long forewarned. Because the emergence from the fiery abyss of the anti-Magisterial/anti-Tradition Conciliar Church is, more than any other instrument of hell, their crowning victory. Because our individual imitation of Christ is grossly inadequate without every one of us, each man in his own small way, mounting an energetic opposition to the Antichristian Conspiracy of the Masterplanners of Zion. Because they remain the single biggest obstacle to restoring all things in Christ. And lastly because Holy Mother Church has greatly concerned herself with this peril, pope after pope, century after century, and calls her bishops, clergy and faithful to do likewise by launching a vast and powerful counterattack using the weapons of Christ.

The great Fr. Denis Fahey cites two reasons for giving the Jewish menace and scourge our utmost attention: *first*, because the threat is immediate, enormous and unparalleled; and *second*, because most Catholics today – from popes to bishops to pastors to lay intellectuals to common laymen to our own traditional Catholic shepherds – are all but oblivious to the threat. They see plenty of symptoms, but remain in the dark about their common cause and remedy. Or they see lesser evils but not the greater ones. St. Ignatius Loyola tells us that, in all things we should conform our mind to the mind of the Church, but very few actually do this to any appreciable degree. How many fellow traditionalists, for example, cannot see beyond Modernists and Muslims as the greatest dangers to the Faith – but remain utterly blind to the

one threat the Church has warned about for 2,000 years? They do not see what Abp. Lefebvre clearly saw. Himself being one mind with the Church and her Popes, His Grace did not refrain from stating that “Jews, Communists and Freemasons” were the greatest enemies of the Catholic Church. [2] Nor did he hold back in mustering Catholic men, especially heads of families, to mount a powerful crusade – a vast Catholic Action movement – to “recreate” Catholic Christendom. [3]

Therefore, by denying the greatest peril and refusing to expose and fight against antichristian Jewry in particular, the combat the Church has urged us to fight from the beginning and more so as the peril became greater down through the centuries, we are not only reneging on our baptismal duty to renounce the works of Satan, but we are also doing a colossal disservice to the cause of Christ by handing the enemy a major victory. So that what is today most needed are righteous and learned men who will both study the question and allow the Spirit and Grace of God to transform them into eleventh hour, front line and fearless defenders and rebuilders of the City of God – defenders of the Mystical Body of Christ against the demonic scourge of the unrighteous Elders of Zion, whose forefathers committed the one hate crime of all hate crimes – the crucifixion of the Son of God. They continue in the 21st century and in the same spirit of Christ-hatred the crucifixion of the Bride of Christ and death of her Sacred Traditions and Christian Civilization. Just look at how their bastard and terrorist state of Israel is right now, not only rampaging through the Holy Land slaughtering innocent Christians and forcing them to abandon the sacred places and flee for their lives, but stirring up Muslim hatred so that they too have once again become, as centuries ago, butchers of Christian peoples. True Jerusalem and true Rome are under attack as never before. While the ill-informed point an accusing finger at the Mosque alone, the Synagogue continues getting away with global mass murder – and worse, the murder of innumerable souls – on a never before seen scale.

### **The League of Christ the King – A Brief Background**

Certainly the hour is late. No one is denying that these are in all probability the End Times, generally speaking. But to be Catholic is to be militant right up to our dying breath – *End Times or not*. This means that we must *act* like Catholics living not in times of peace but in times of war. It's Total War against Christ and His Church, against our families and homes, our schools and youth, our culture and country; against the freedoms God meant for us to have in order to work out our salvation, and against our very souls and civilization. And we must fight this war with all our minds and hearts and souls, *whether we are in the Last Days or not*. What kind of men would we be if we were to *fail* to take up our spiritual arms and assemble on the front lines against such a massive onslaught of Organized Evil as we presently face?

But prayer and action, necessary as they are, are not even enough in themselves. In contemplating the combats of Christ, organization is another key factor. As Fr. Fahey also pointed out, the forces of Antichrist are always well organized, the forces of Christ generally are not. And as we wrote in our 2012 book, *Synagogue Rising: if evil is the absence of good, Organized Evil is the absence of Organized Good*. No doubt this is one of the reasons the enemy is always advancing while Catholics are ever in retreat. They are furthering their diabolic aims with an army at their disposal, and we have no such thing on our side, even as the Papal mandate is for Catholic Action “... to oppose **as a solid army** the many-sided wickedness of the enemy” (St. Pius X, *Quae Nobis*). With this in mind, then, and after considerable thought, consultation and prayer, it has been decided to **undertake the re-organization of the good by reactivating the League of Christ the King (LKC)**. A Catholic Action army to meet the antichristian armies in face-to-face spiritual warfare that just as often finds us fighting on temporal battlefields. Why temporal battlefields if the work of Catholic Action is primarily spiritual? Because Christ's Kingship requires that we labor to deliver to His Sacred Heart not merely people and the Church but societies, nations, civilization itself; in other words, not merely individual souls, but the **whole world**. “Every Christian must contribute to the great work of the **salvation of the world**... We want Jesus to reign over the **whole world**...” (Pius XII, Allocution to the Children of Mary of the Sacred Heart, 11 April, 1957).

We will begin this challenging undertaking of reactivating the League by republishing our official quarterly magazine, *Oportet Christum Regnare* (Christ Must Reign), which was quite popular in the past and which inspired the militant spirit and energized the Magisterial program of resistance and reconstruction in a large number of good men all across the country and in several foreign nations. More than a few priests told us that the LKC and its magazine were an inspiration to them, as well as a great help in their pastoral work. Perhaps even more remark-able, given that the LKC is a men's only organization as the social and counterrevolutionary combat of Catholic Action itself is intrinsic to the masculine state in life (traditionally women held supportive roles in Catholic Action but it is always the men, not the women, that must fight on the front lines and in the trenches), we've nonetheless received several dozen letters from the ladies sincerely thanking us for the tremendous positive influence the League was having on the men in their lives – husbands, fathers, sons, brothers, uncles, grandfathers, etc. A lot of good men want to do more for the Church but are at a loss for what they can do. Catholic Action provides them with the best way to put their manhood to the best possible use in the Lay Apostolate. In this way, for many of them, the LKC was a Godsend to them personally – as well as to their families, their traditional pastors and the Universal Church alike.

We are still in contact with many courageous old soldiers and a growing number of new recruits of sound mind and heart who have likewise demonstrated a zeal for the things of God that propel them to go above and beyond the call of duty. Though the vast majority of fellow traditionalists seem to have succumbed either to a crippling complacency, or to a misdirected zeal which has them hopelessly “spinning their wheels” and getting nowhere fast, there are enough good men that still have some fight left in them and that haven't been led astray and greatly neutralized. We think you are one of those men. Therefore, we are reaching out to you, hoping that you join with other good men of like mind in rallying to the League of Christ the King for the purpose of forging a unified front and in this way of engaging in the most effective Catholic Action possible, following our guidelines as we ourselves strictly follow the directives of the pre-Vatican II Popes.

Catholic Action as we practice it is no novelty, but very much a part of Catholic Tradition.

For those of you that might not know, the League was originally commissioned in 1997 as the Society of St. Pius X's official Catholic Action Lay Apostolate in the United States. But the SSPX of today is no longer the same SSPX of those days. In recent years, most conspicuously since 2012, a small group of liberals managed to pirate the SSPX ship and re-chart a course that is now leading it to eventual shipwreck. Because of this unfortunate change of direction, we must now identify the SSPX as the neo-SSPX. *Neo* because it is no longer the same priestly Society that Abp. Lefebvre bequeathed to us; *Neo* because its leaders are no longer true to the beliefs, vision and mission of Abp. Lefebvre. No subtle change in attitude, agenda and direction has been imposed but a radical one, well documented by Superior General Bp. Fellay's very own contradictory and scandalous words, actions and deceptions. [4]

### **The LKC and the SSPX Marian Corps**

So it came about that the few priests of the SSPX that remained faithful to the ideals of the old-SSPX and its saintly founder found themselves persecuted by the neo-SSPX for the unpardonable "crime" of maintaining the same position regarding unconverted Rome that Abp. Lefebvre and the original SSPX long maintained. In time, these priests either voluntarily left the neo-SSPX, were unjustly expelled from it, or remained in it only to be silenced, alienated and in many ways neutralized. Some of the ones that left formed the **SSPX Marian Corps**, no doubt an act of Divine Providence to salvage what could be salvaged of the original SSPX and its multiplicity of holy and fruitful works, and to continue the same as much as possible, as before. It is from the ranks of these loyalist priests of the Marian Corps that I was encouraged to reactivate the LKC under their auspices, to continue the work begun under former District Superior Fr. Peter Scott and in line with the original SSPX, its founder, and the mandate and directives of the Magisterium summoning all good men to organize in defense of the City of God and under the banner of Catholic Action.

As I said, after much reflection and prayer I am pleased to accept the invitation **And so we are likewise pleased to announce that the League of Christ the King is back in operation once again.** Even as we never actually disbanded, circumstances forced us to place the League on a back burner for some years – until now.

Now we are up and running again, hoping to recapture some of the momentum of our initial launching 17 years ago.

"All well and good," you might be saying to yourself, "but what has all this to do with me, personally"?

You are one of 1,000 laymen and a handful of priests attached to Catholic Tradition that have been carefully selected to receive this letter and are being invited to consider joining the LKC and assisting the SSPX-MC in a more concerted and therefore more effective manner. In fact, one of the immediate objectives of the LKC and its magazine, *Oportet Christum Regnare*, will be to **promote the work of the SSPX-MC**. We wholeheartedly support **Bp. Richard Williamson** as well.

Now this does not mean that we have entirely given up on the neo-SSPX just yet. There is still good in the Society, good priests doing good work despite its present poor leadership and the doctrinal corruption that is slowly spreading downward to its clergy and people. In other words, if the SSPX changes its leaders, or if the present leaders undergo a complete change of heart, we can foresee the SSPX-MC and LKC returning to the SSPX as one, same as before (nothing is impossible with God!). It seems to me a duty of charity incumbent upon all of us to at least pray for this intention. **But let us entertain no illusions: just as Rome would have to convert before traditionalists could confidently reunite with it, so now too the present neo-SSPX similarly would have to convert – and for the exact same reason, which, let us not fall for the deception, is **DOCTRINAL**, and nothing less.** The deceivers argue that the Marian Corps Resistance is the creature of disobedience and the catalyst of division and disunity, whereas the facts tell a quite different story: the facts clearly maintain that **principle and doctrine** are at the heart of the SSPX split, because, quite simply and quite certainly, prudence, obedience and unity must always be at their service (at the service of principle and doctrine), and not the other way around. Again, **nothing less than doctrine** is at stake! This is what the SSPX-MC Resistance is all about – resisting the **liberalism** which fails to give doctrine its primacy of place.

As for the League's long-range objective, we will be taking up **the cause of Christ the King** as before, and once again we will be declaring open warfare against every error and evil that militates against our Divine King, beginning with the most powerful and destructive ones first. In this we anticipate our magazine becoming more important as time goes by. The neo-SSPX, *The Angelus*, *The Remnant* and now *Catholic Family News* can no longer be considered integrally trustworthy voices of Catholic Truth or of the Catholic Combat and Counter-revolution. "Mainstream" Traditionalism no longer represents the Church Militant in its integrity and counter-revolutionary character and thrust. It is therefore time for others to step up to the plate. Please God, The LKC and *OCR* will help in some small way to fill at least part of the void, not because we are the best suited or most worthy to assume the role, but because God chooses "the weak things of this world" to "put to shame the strong" (1 Cor. 1: 27), and because, by His grace alone, we refuse to compromise, proudly serving as cooperators of the priests who have also refused to compromise ... **the Catholic Action auxiliary of the SSPX-Marian Corps.**

As for your part: speaking as founding president of the LKC and editor of *OCR* I am extending an invitation and making this appeal to you:

**Join us, if you are so motivated.**

Most of you receiving this letter are all devoted friends and supporters of Catholic Action Resource Center, inclined to Catholic Action, favorable to Bp. Williamson, distrustful of Bp. Fellay and the neo-SSPX and at least somewhat sympathetic to the SSPX-MC even if not yet, in every case, openly supportive of it. You laity are being encouraged to enlist in the Apostolate in a rank and file foot-soldier capacity, and

you consecrated fathers as chaplains of Catholic Action. Why again Catholic Action? ***Because the times demand it, God wills it, and the Church mandates it!***

What will be expected of you as prospective lay members and consecrated chaplains of the LKC?

We state the obvious for the benefit of those new to the struggle (while appealing to the veteran soldier of Christ to be patient a little longer as we briefly go through a few of the basic conditions of membership): (a) wholehearted attachment to the Traditional Latin Mass, this Mass alone which gives all due recognition to the Royal Kingship of Jesus Christ. And this necessitates the corresponding rejection and denunciation of the New Mass as a formidable instrument of Our Lord's universal dethronement; (b) daily prayers and sacrifices for the intention of procuring the return of nations and every lesser society (families, schools, parliaments, associations of every kind, etc.) to Christ the King; specifically reciting every day at least one decade of the Rosary for this intention along with the Prayer to Christ the King; (c) a strong resolution to study, adopt, profess and defend the truths which serve as the basis for the work of Catholic Action and the League, and which are necessary for the reform of the thinking of modern (liberal) man. These truths are: that error has no rights; that, as a consequence, the rights of man, as mandates for modern-day constitutions and legislation, and which presume to empower the nations of the world with their political standing and agendas, must be exposed, repudiated and ultimately suppressed (by conversion not coercion), making way for the Rights of God, Jesus Christ and His Church; that every society depends on God by an absolute and sovereign dependence and that therefore these must submit themselves completely to Him; (d) an equally strong resolution to know our enemy, the enemy of God and man, and to combat Organized Evil wielding the weapons of Christ and in the campaigns of Catholic Action. This requires combating the modern heresies propagated by Our Lord's enemies; (e) active rather than passive membership is expected. At the very least, the one "action project" that is required of League membership will be to introduce our organization and magazine to other good men within your own circles of influence, as opportunities present themselves in the daily exercise of your duties of state and defense of the Faith (this could be done by chaplains promoting Catholic Action and the LKC among the men of their flock, and by the men with a simple act of sharing the League's quarterly or literature with other intelligent Catholic men that you deem to be of strong faith and excellent character).

Other than that, whatever time, effort and financial help you give us – if any at all – will be determined entirely by you and God. In other words, your degree of commitment and extent of active involvement will be entirely your decision and dictated solely by your conscience. We will also not require membership dues as was previously the case, hoping to generate sufficient funds for our program of prayer, study and action by magazine and book sales and voluntary donations (please give if you can, especially to help us print the next (4th) issue of the magazine (3 earlier issues were published in 1997-98. A few back issues of #s 1 and 3 are still available at \$6.95 each, which includes postage – for as long as supplies last. Subscription rates for 2014-2015 will be \$29.95 per year, for 4 issues, or \$7.95 per copy. The League's handbook, *An Organization with a Mission*, will be reprinted in the near future as well. Checks payable to LKC).

No doubt most of you are already extremely busy men, long active in the fight for the Faith. As we said, we will impose no additional demands on you nor assign any specific duties to you. However, for those of you that **ask** – and there are **hundreds** of you that have been asking – we will gladly provide a list of suggested activities and action projects to help you exert the greatest possible influence on the men that cross your paths and thereby deliver the greatest possible impact on souls, on the Catholic Counterrevolution and on the over-all Restoration. And for the new men drawn to this holy and virile cause, we will provide as well a list of encyclicals and books to read and study as part of the soldier of Christ's intellectual formation and combat readiness. For the more apostolic-minded among you, these recommended titles should be thought of as missionary tools – our "arms in times of war" – through which you can more effectively win souls to Jesus and Mary, better organize and embolden the men, and greatly empower the true Resistance – all this by means of organized, disciplined, Magisterial and Counter-revolutionary Catholic Action.

So give it some thought and let us know your decision – to join us or not. In the meantime, I have compiled a few pages of excerpts from various Papal encyclicals and allocutions stressing the importance of Catholic Action. By giving them a reading and sharing them with other men, you will have already begun assisting the work of the League of Christ the King and the greater cause it represents. Feel free to make and distribute as many copies as you would like along with this letter, inviting other good men to join with us.

Thank you for your time and for your past and present dedication to the cause and the support of our work. I look forward to hearing from you and to working with you for the greater glory of God and exaltation of Holy Mother Church.

In Jesus Christ our King and Blessed Virgin Mary our Queen,

**Hugh Akins, League President**
